## Freddie Mercury, Stop All The Fighting

Stop all stop all (stop all) the fighting Stop all stop all stop all the fighting Stop it stop all the fighting We want to live in a better place (live in a better place) We want to make a better human race We want to live in a better place (stop all the fighting) We want to make a better human race Stop all the fighting stop all the fighting

Don't do that don't get all excited You know that know that - not gonna like it Stop all (stop all) stop all stop all the fighting

We want to live in a better place (yeah yeah yeah) We want to make a better human race We want to live in a better place (stop all the fighting) We want to make a better human race Stop all the fighting stop all the fighting

Get all excited You don't have to do that You're not gonna like it That's a point of fact

We want to live in a better place We want to make a better human race for you We want to live in a better place We want to make a better human race Stop all the fighting stop all the fighting
