

Frederick Scott, This Is A Trent Reznor Song

I am Trent Reznor
This Is how I write songs
Make all my verses sound like this
Than I throw some random percussion
So you could dance to it
Wild guitar
Than my voice is getting louder
Than I bring it back down
It's almost time to hit the chorus
But first listen to this wired sound
What the hell whose that?

This Is A Trent Reznor Song
Sometimes is very long
It goes on and goes on
But it's very awesome

This Is A Trent Reznor Song
Yeah, It's still going on
Seriously it is the same song
But it's very awesome

This Is A Trent Reznor Song
Sometimes is very long
It goes on and goes on
But it's very awesome

This Is A Trent Reznor Song
Yeah, It's still going on
Seriously it is the same song
But it's very awesome

Let's put in song a creepy piano
Now it sounds like a haunted house
Let's put in song a creepy piano
Yeah it's sounds really awesome
