Freestyle, Blind Love

baby give me a chance may I have this dance don't make it the last make it the first pratically loved, always hated by jealous ones just understand where I'm comin' from I was the one chosen I got my own destiny I need a route to find my life I just hope my life is 4 u I just need you next to me or atleast for now 'til then listen Chorus:2x when you look into my eyes do you see my pain our love is blind still it can't see through anything I can't rap I can't think I'm a ghost in your mind I had a little 2 much 2 drink when I'm not with you I'm with another, what you thought I was goin' 2 be stuck on you I was but you let go now we back together and It just isn't the same this love has changed chorus:2x when you look in my eyes do you see my pain our love is blind still can't see through anything
