

Freestyle, Don't Stop The Rock

There's a party in the house and we'll be rockin' tonight
So bring your body with you baby and I'll make you feel right
It's a freaky celebration of a natural kind
And the pleasure you'll experience will blow your mind

Chorus:

Freestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm right

Chorus

Everybody will be dancing to the beat on the floor
You will encounter situations never thought of before
Satisfaction's guaranteed if you know what I mean
And when you walk into the door its such a freaky scene

Chorus

All you ladies interested in the words I speak
We will be rockin' like this every night of the week
And all you fellows tell the ladies "Don't Stop the Rock"
Because you know that we'll be jammin' all around the clock

I went to a party and what did I see

The girls were wearing leather skirts and see thru jeans

I asked the deejay to tell me what was going on

He said Freestyle's having a Freak-A-Thon

Freestyle's kickin' in the house tonight

Move your body from left to right

To all you freaks, don't stop the rock

A Freak-A-Thon

Freestyle's kickin' in the house tonight

Move your body from left to right

To all you freaks, don't stop the rock

A Freak-A-Thon

There's a party in the house and we'll be rockin' tonight

So bring your body with you baby and I'll make you feel right

It's a freaky celebration of a natural kind

And the pleasure you'll experience will blow your mind

Freestyle's kickin' in the house tonight

Move your body from left to right

To all you freaks, don't stop the rock

Will blow your mind

Freestyle's kickin' in the house tonight

Move your body from left to right

And the pleasure you experience will blow your mind

Chorus (2X)
