

# Full Blown Chaos, Rise & Fight

Get up, get on your feet  
I watched long enough  
Time is now, to make things right  
We must overcome gone on for to long  
Where do you cross the line  
Kept us down and out  
Got rich while we were blind  
You always had our trust  
Now you turned on us  
Sold your soul  
To burn us all  
Actions beyond forgiveness  
Lies wont be forgotten  
Take no prisoners  
Destroy them all  
Rise-to your feet  
Fight - tooth and nail  
Rise - brothers in arms  
Fight - we will prevail  
Get up, get on your feet  
I watched long enough  
Time is now to make things right  
We must overcome  
Gone on for to long  
Where do you cross the line  
Keep us down and out  
Got rich while we were blind  
Rise - to your feet  
Fight - tooth and nail  
Rise - brothers in arms  
Fight - we will prevail  
Gave our faith  
Took our trust  
Sold us out  
Pay in blood  
Rise - to your feet  
Fight - tooth and nail  
Rise - brothers in arms  
Fight - we will prevail
