

Further Seems Forever, I Am

i am the water
i am waves crashing on to you
i am the blank wave
i am the madness
the loss the dark the hunt the cage the race

i am rejection i am redemption
i am desire for obligation

i am forever
i could be never if thats what you want
i am the desert i am the oasis the strength the weakness
for arguments sake

i am rejection i am redemption
i am desire for obligation
i am one step closer for you

please tell me when you're through
cuz i may not be through with you
your loss to sustain
but i will remain and true to form
if this were the last breath i ever took
would you take the time to look and would you know

cuz i am the water
i am waves crashing on to you
you could protect me
but you will kill me when you're through
