

Future Bible Heroes, O! What A Dream It Was!

I know I'll never be beautiful
but you kissed me once, in the sun
I know I'll never be lovable
but you made me think I was wrong

and you say: "it doesn't matter,"
but I want to scream: "it does!"
you made our little dream shatter
but oh, what a dream it was

I could've just run away with you
but you didn't want me along
I spent my one happy day with you
but when I woke up, you were gone

and I always knew you were faking
the little moon-beam that was us
and I wish I'd never awakened
and lived in a dream because
oh, what a dream it was
