

# Future, Birds Take A Bath

Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green  
Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green  
Let them birds take a bath

They come out Charlie Sheen (winning)  
They come out coupe machines  
They shoulda came with wings  
How they flying in  
Man I'm on that lean  
In the house with green  
In the house with yay  
Man we need a mask  
All these dope fumes (don't sniff)  
While we count this cash  
Straight drop class  
Put it in a freezer  
Put it on a block, give them J's a teaser  
They gave my dope a name  
They call this dope diesel  
You need some gambino  
You be fly like a eagle  
We move them bands like cheetah  
Get you a egg beater  
And a half a square  
Whip you a brick fair

Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green  
Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green

I mean some birds in the shower dawg  
Pass me the bounty dawg  
Quick picker upper  
Look at this motherfucker  
His rhyme is a paper plate  
I chop 'em like paper steaks  
My life is a marathon  
Cause I'm on the paper chase  
My dog caught a paper case  
He had too much paper on him  
He said it was routine  
I said they was waiting on him  
Them fed they just chase the sack  
Them J they just taste the crack  
These dumb niggas chasing hoes  
And me I'm chasing racks  
Cause we offer fifty sacs  
Fuck up bout thirty racks  
Go drop me twelve bars  
And get that there right back  
My aunty say what's that smell  
She said it is smellin' sour  
I find it hard to believe  
I just got 'em out the shower

Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green  
Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green  
Let them birds take a bath

I just want the birds off  
They cut all my phones off  
They know how to clean them up  
Got falcons and eagles nigga  
The stash I was passing  
Cook house with six kitchens  
You know I got birds nigga  
I get them for zeros  
Clean them with remix  
The bird bought me everything  
The bird bought me diamond chain  
Got bricks call me bird man  
She bring me a cash money  
Like Nipsey and Marathon  
Yeah I'm on juuga-thon  
I can't stop counting up  
Them birds come every day  
Plus I see them everywhere  
Just send me a stork nigga  
Get him the next day  
Birds take a bath  
I put em right on the express way

Let them birds take a bath, and if they come out clean  
When them birds take a bath, watch it come out green
