

# Future, Covered N Money

I'm covered in money, I'm covered in money  
These bitches, these niggas, they all want something from me  
I'm covered in money, I'm covered in money  
Just stop all that frontin' (a hundred!)  
I'm goin' back to court before they start taking a trial  
I heard what you told to the judge  
I been gettin' money like this for a while

Diamond, I eat them, my brother's my keeper  
We selling that ether with other features  
My momma seems to know I'm at the Grammys  
She know how to keep me, she better not get greedy  
I hit the lottery  
Tell me your thoughts and you better not lie to me  
Right in that corner, and I'm a product of my community  
And I'm a product  
Torching that gas, we torching that gas  
We blowing up fast, we blowing up fast  
We put on that mask and come with that cash  
Yeah, yeah, check, I got a motor from running the border  
You know what you know but don't tell it to cops  
Ain't leaving no evidence, cut off my locks

Treat me like royalty, do all my chores  
Do all my dirty work, fuck up my ho  
Take all my houses and treat it like yours  
That's what you wishing now drape to the floor  
Why you be stealing from nigga this hot?  
Fuck with that bitch cause you know that she bi  
Working on working on feeding the kids  
Ain't you been doing this life I create  
Your attitude not fitting this situation  
Bring me up outta your investigation  
I'mma go harder with no limitations  
My money so long these bitches can taste it  
Pay out these lawyers to throw away cases  
Don't think the traces can lead out of state  
Finally made it, these niggas, they hate it

I could make Franklins do a back-a-flips!  
How'd I get in this predicament?  
Maybe you're guilty or innocent  
This is New York, it ain't working out  
Wishing we all can go back in time  
You holding a grudge, I'm holding them slugs  
I'm full of them drugs, it's all in my mug  
Everybody tryna settle up  
Hoping we can take a better route  
Told the DA, I just call a bluff  
Told the DA 'bout this jewelry on  
I done been talking on the phone  
You bitch ass niggas ain't nothing but a clone

I'm covered in money, I'm covered in money  
These bitches, these niggas, they all want something from me  
I'm covered in money, I'm covered in money  
Just stop all that frontin'  
Stop all that frontin'
