

# Future, Crazy But True

Benz coupe look like a fish tank with a shark in it  
Penthouse got a livin' room with a garage in it, I can park in it  
Damn, that's crazy, but it's true  
Wheezy outta here

I'm god to you niggas  
I worked too hard just to spoil you niggas  
You need to pay me my respects  
Your socks, rings, and your lean  
The way you drop your mixtapes, your ad-libs and everything  
Damn, that's crazy, but it's true  
They jumped on my wave before they threw Max in the cage  
I was gettin' 30K a show, I was the ghost behind the page  
I freestyled every day  
I never depend on none of these rappers  
They bitin' me anyway  
Damn, that's crazy, but it's true  
Who a bigger influence than me in fashion?  
And I ain't kissin' asses, far from social media happy  
I'm lookin' past it  
Damn, that's crazy, but it's true  
If you look into my eyes, tell me what I'm thinkin'  
I'm smellin' like kush, promethazine drinkin'  
This ecstasy the only reason why my heart beatin'  
I need you by my side, it's very therapeutic  
And I'm goin' to the moon, I'm the man, man

I'm fresher than them every day  
We makin' love every time she come through  
Tell me, damn, that's crazy, but it's true  
Tell me, you a god  
Damn, that's crazy, but it's true  
I put Rolex diamonds on your neck, baby  
Damn, that's crazy, but it's true

The G-Wagen out for the 'Gram  
Ain't no sponsor, no basic bitch tryna expose who I am  
I don't need betrayal  
Let me have my way, but now you know you can't share  
I know life ain't fair sometimes, but real niggas rare  
Damn, that's crazy, but it's true  
I don't do side bitches, they all my bitches, I ain't tryna hide bitches  
I don't need the media in my business  
Damn, that's crazy, but it's true  
I've been abused by struggle  
I don't know what's real  
I'll die for you  
Die for you

I'm fresher than them every day  
We makin' love every time she come through  
Tell me, damn, that's crazy, but it's true  
Tell me, you a god  
Damn, that's crazy, but it's true  
I put Rolex diamonds on your neck, baby  
Damn, that's crazy, but it's true  
Damn, that's crazy, but it's true

(Look into my eyes, what I'm thinkin')  
I need you by my side  
Therapeutic  
And I'm goin' to the moon, I'm the man, man  
Damn, that's crazy, but it's true
