I ain't talked to shawty in a few days

But you already know, girl I been missin' you

Keep some pretty shit at the condo

Bitch came through for a few, that's a layover

What you been doin'? I been chillin' at the crib, poolside with some pretty-pretty bitches tryna get a

Had some Chinese freaks come over to the crib last night just to fuck, [?]

Had them Chinese freaks come over, tried molly, now they wanna ask Shoota "Do we got them xar

Tell me you don't want no parts with this

Tell me your heart ain't in this shit

Your heart ain't never been in this shit

You need to call up some more girls, tryna feel on you

And you got that Birk' on your shoulder, and I got them racks, won't fold up

You can't pick a hood don't know us

You can't go nowhere and they don't know us

You ain't for them lights and the cameras when I roll up

So I fuck your main thing to keep her composure

Rollin' up dodie, and I'm gone off soda

Don't I keep that red drink with me like Piru?

Then I put them solitaires in it, go to Caicos

Fuckin' on the sand, baby they don't understand us
