

# Future, Love Thy Enemies

Love my enemies  
Love my enemy  
Oh-oh-oh-oh, oh  
Makin' love to the enemy  
Makin' love to the enemy  
Oh-oh-oh, oh-oh-oh-oh, oh-oh  
Roses, roses I sent they forever die, ooh  
Chosen, frozen, livin' in paradise, woah

I've been possessed  
They wanna take my soul  
Save my flesh I'm in need of your hand  
Tracin' back to orbit is where we met, yeah  
You wasn't considerate to how I was feelin' then, yeah  
How am I explain this to my children, yeah?  
I need to find the words without sounding foolish  
Callin' temporary illusions, yeah

Treat me like property, whatchu pursuin'?  
I need angel, I need angels, yeah  
I need answers, who I can trust?  
Fightin' through breakups, revelation  
Complicated, obligations

Roses, roses I sent they forever die, ooh  
Oh-oh-oh-oh, oh  
Chosen, frozen, livin' in paradise, woah  
Love thy enemy  
Walk through the valley, shadow of death, woah
