

# Future, Neva Missa Lost

Who are you again? Why are you in my bed?  
You left your self esteem at the door this time  
You just had too much of my lean this time  
I can tell that you been stallin' me (stallin' me)  
I never hold you back

I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
And you know it, and you know it  
I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
I can never miss a loss  
I can never miss a loss  
I can never miss a loss  
Please tell me what it cost  
Make me pull this money out the drawer  
I whip one to two, I sold one to three  
That's why I never took a loss  
See, I got many types of flaws  
That's why I never miss a loss

Is that you, Ms. Sagittarius? Tell me what a Sagittarius do  
You only eat vegetarian food, in the backseat of the Maybach  
You don't speak English: immigration, promise I won't leave you waiting  
Catch a Uber to the dealership, girl you gon' pick up your new registration

I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
And you know it, and you know it  
I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
I can never miss a loss  
I can never miss a loss  
I can never miss a loss  
You know, you know  
Yeah, I can never miss a loss  
That, that, I can never miss a loss  
Whatever you need

Made love first before we knew each other  
I got you sticky like wet leather  
Your pretty body soft as bird feathers  
If you bring a friend, I'ma switch-hitter  
Keep on my lenses, I don't see these niggas  
They too busy tryna be niggas  
I'm out of reach, over peak, nigga!  
Made my first million out the creek, nigga  
Purple Addys, no sleep nigga  
Take the jet so we can meet quicker  
Her ass thick, but my syrup thicker  
I'm on it right away

I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
And you know it, and you know it  
I'm losin' you and you know it  
I'm losin' you and you know it  
You know, you know  
I can never miss a loss (whatever you need)

I can never miss a loss (you know, you know)  
You know, you know, you know  
I can never miss a loss (whatever you need)

Uh oh, uh uh uh, whatever you need  
Whatever you need, I can never miss a loss  
Whatever you need, ohhhhh, I can never miss a loss  
Yeah yeah, whatever you need, neeed  
Yeah yeah, yeah yeah

You left your self esteem at the door this time  
You just had too much of my lean this time  
I can tell you been stallin' me (stallin')
