

# Future, Selfish (feat. Rihanna)

Oooh, yeah

It was right  
Even though it felt wrong  
Nothin' ever stopped you  
From showin' your progression suddenly

Broken lies  
Drivin' backwards  
Makin' all the wrong turns  
Sayin' all the wrong words  
Dodgin' angels

Oh, let's not be alone  
Let's not be alone  
Let's be one  
Oh, let's not be alone  
Empty thoughts fill the room  
Breathe for me and I'll breathe for you

Let's be selfish, selfish, baby  
Tonight  
Tonight  
Let's be selfish, selfish, baby  
Tonight, tonight  
Tonight, yeah, yeah

I just hit the liquor side of France  
Currency exchange, lookin' fancy  
If that money dirty, make it dance  
25 karats cost a mansion  
Gold rose petals, bottle standin'  
Came from the concrete, takin' chances  
Pop gold Ace like a Xanny  
I just need the blessin' from your family  
Broken lies, ain't no love without us  
It will die, roses turn into dust  
Every night, we gettin' more popular  
Wrong is right, when it comes to us

Oh, let's not be alone  
Let's not be alone  
Tonight, let's be selfish  
Selfish, tonight, tonight  
Let's be selfish, selfish, baby  
Tonight, tonight  
Tonight, yeah, yeah

I'll be selfish  
Let's be selfish  
Ohh, ohh  
(Yeah, yeah)  
Ooooh, oooo-oooo-oooh  
I'll be selfish  
Let's be selfish  
Let's be  
Let's be selfish  
(Yeah, yeah)
