

Future, Struggles

Is it cash what I need?
Push, push
Is it gas what I need?

It's that cash that I need
It's that gas that I need
It's that smash and that weed
It'll be there for me
'Cause I keep pushin' babe
I keep pushin' babe

It's that cash that I need
It's that gas that I need
It's that smash and that weed
It'll be there for me
'Cause I keep pushin' babe
I keep pushin' babe
'Cause I keep pushin' babe
I keep pushin' babe
I keep

So long, so long, so long
Pluton, pluton, pluton
Spit on it, spit on it, get on it
Villains, dealin, spillin'
Throwin' the key to the ceilin'
This is one hell of a feelin'
They told me I couldn't conquer this, so I had went ahead and bought the building
Pinky on blast, yeah
Flawless my glass, yeah
(I keep) stomp on the gas, yeah
Love is a task, yeah (it's that)
Bitches come last, yeah
When the money come fast, yeah
(I keep) a whole lotta splash
Hold it down if you bad, yeah
(Pushin' babe, it's that...)

I got a 70's flow, ain't never brought out
I got 70 hoes ain't never brought out, woo
It's that gas that I need
Do you believe in me

It's that cash that I need
It's that gas that I need
It's that smash and that weed
It'll be there for me
'Cause I keep pushin' babe
I keep pushin' babe

It's that cash that I need
It's that gas that I need
It's that smash and that weed
It'll be there for me
'Cause I keep pushin' babe
I keep pushin' babe
'Cause I keep pushin' babe
I keep pushin'
