

# Future, Unconditional Love

If you love me, love me unconditional  
Patience is a virtue, then come residuals  
These be the realest words I ever said [x2]  
I'm a try to get to know you, not your physical  
Gotta a bad habit can't be scared to let it go  
These be realest words I ever said [x2]

Can't be a baby forever  
You gotta crawl before you walk  
Comprehend and then you talk  
You might just fall, but don't fall off  
You get back up and wipe it off  
You gotta take it as a loss  
You live and You learn and it ain't always yo fault  
And we ain't always gone see eye to eye: ya compromise  
And I just want you hold me down 3-65  
With no complaining  
Relationships get draining  
I pray for my sanity  
I'm tryna better my family  
I'm standing here with blood, sweat, and tears  
Don't get caught up in the fame, that's how we live  
When you stay down and you wake up and your dreams right in front of you  
They say success don't change you, it reveal you

If you love me, love me unconditional  
Patience is a virtue, then come residuals  
These be the realest words I ever said [x2]  
I'm a try to get to know you, not your physical  
Gotta a bad habit can't be scared to let it go  
These be realest words I ever said [x2]

How old you say you was? (college girl)  
And you sweet too  
I would introduce you to my sweet tooth  
But I ain't get the chance to personally meet you  
But I must say it was nice to meet you  
And I hope you don't get offended  
I'm in another state of mind right now  
And I hope you understand I'm on my grind right now  
My vision in a tunnel  
Standin' in the jungle  
I want to touch your heart but it's music every single summer  
I wish you were my home girl  
I miss my motherfuckin' uncle  
He wanted to see this shit more than me nigga  
I never would have been me nigga  
I will be all I can be nigga!

If you love me, love me unconditional  
Patience is a virtue that come residuals  
These be the realest words I ever said [x2]  
I'm a try to get to know you, not your physical  
Gotta a bad habit can't be scared to let it go  
These be realest words I ever said [x2]
