

Future, Undefeated (ft. Lil Keed)

I got that tool when I walk out that door
got some head in the coupe and I let off in her nose
I got some bougie chick holdin' my chopper
I got some bougie chick doin' my chores
I got some bougie chick loadin' my glock
I got some bougie chick foldin' my clothes

I got that glock on the seat
next to that choppa on the seat
come up too close and I'm tweakin'
come up too close and I'm tweakin'
I got some blood on my sneakers
I just shot cum on her feet
I just shot cum on her feet
I just shot cum on her feet

2 loaded guns
I got double the hells
count all the blue when I am in the chanel
choppa in the coupe and I move like a snail
you could smell all type of Kush in the air
supply and demand and you movin' them bells
you keepin' that paper, it's hot on your trail
