

G-Eazy, Breakdown (ft. Demi Lovato)

I got big plans, but none of them feel like mine
And I miss days where I used to feel like me
Cause I've been trapped in all the freedom
Throw my heart up at the ceiling
I take another drink so I can hear the voice of reason
I got big plans, but none of them feel like mine

You know
Been fighting my demons, but they ain't fighting fair
But I keep saying "Everything's alright, I swear"
All alone in a dark space, ain't no light in there
What's fucked up is I might actually like it there
Pouring everything on this paper my pen is on
Feel like I'm breaking in places they put the pressure on
I'm the one in my circle they all depending on
To do it though, I need these drugs I've become dependent on
Someone tried to confront me, now we don't get along
In my business, they tripping on what I'm sipping on
They can't reach the pedestal that my head is on
But, truthfully, I've been breaking down, just finally letting on

I'm in the middle of a breakdown, baby
I need you
I need you
I'm in the middle of a storm now, baby
I need you
I need you to come over, tell me this'll be over
Over soon now
I'm in the middle of a breakdown, baby
I need you
I need you
I
