

G-Eazy, Femme Fatale - ft. Coi Leray, Kaliiii

No prejudice
I'm a feminist
Do your thing babe
Friends with benefits
Both toxic
Both treacherous
I might American psycho
My Receptionist
Let's go somewhere n disappear
Your boyfriends gone so that means we in the clear
Right hand on her neck while my left hand steer
Deep throat her eyes water she pulled down my denim tears
Hit it 1 time
Hit it 2 times
You know what happens by the third hit a few times
Cuz
Everyone's got to make a living
Do a little
Show a little
Tease a little
Then take it off
Cause if you do a little
Then show a little
Then tease a little
I might risk it all
Let me take a couple shots and I might give it a try
Yeah this pussy give him wings and I might get him to fly
G Eazy Wanna Bite and I can see in his eyes
But slow down, don't rush, baby give it some time
Say he wanna disappear
Told him I don't do commercial flights, only Lear
Started at the bottom pier, now I'm top tier
And all I drop is hits baby, I don't drop tears
Listen up big boy, it's big Coi
With the big body, I like big toys
Little itty-bitty but I make big noise
Ain't nobody fuckin with me
I'm the hottest in the city
He a feminist
Know he love the pussy
Oh he nasty?
I like the sound of that
He say he toxic, I'm twin I can handle that
Sang to this pussy, but his mic I be rapping that
I been around his idols these niggas know how I know how I curve em
Aura heavent sent it's Mary how imma church em
Treatem like a job it's crazy how imma work em
I'm PPP, pretty, powerful, perfect
He gon do a little, shit ain't good enough
Tryna wife me, but you ain't doin much
He was confident, now he tryna double up
It's fuck girl season, my bitches known for cutting up
Bitch
