

# G-Eazy, Let's Get Lost (ft. Devon Baldwin)

Take me down  
Take me all the way down tonight, soon I'll be leaving  
Break me down  
Break me all the way down, before the night is over  
Let's get lost, let's get lost  
Let's get lost, let's get lost

What it is, what it could be?  
My imagination runs fast  
Only if you comin' with me  
4 AM staying up past  
Or however long these drugs last  
Don't know why I live so fast  
They be telling me to slow down  
I be screaming out "fuck that!"  
I really wanna take you down  
Moaning is how I wanna make you sound  
Can't wait until I get you home  
Fuck that I wanna take you now  
Let's do it all - have a ball  
Hook up tonight in the ladies' room stall  
Follow you there I'll let you make the call  
You can text all your friends say you'll see them tomorrow  
That's if you're down  
She never fucked the first night until now  
Let me, plow  
Faded, I'm drunk off the brown  
Stayed up all night on the town  
Act like tomorrow just doesn't exist  
Time isn't real ain't shit on my wrists  
Let go of everything then you have bliss  
Then she told me this

Take me down  
Take me all the way down tonight, soon I'll be leaving  
Break me down  
Break me all the way down, before the night is over  
Let's get lost, let's get lost  
Let's get lost, let's get lost

Let's get lost tonight  
You can be supreme Kate Moss tonight  
Turn up in the Soho loft tonight  
Do drugs, take 10 shots tonight  
Awesome I'm naked with Naked and Famous jeans on the floor  
Live a wild life, you ain't seen this before  
You should give brains and I mean this for sure  
That's what genius is for  
Beautiful girl that I just met on tour  
Another good girl that I'll probably destroy  
Her life was stable until she met me  
Sheltered and safe so she never gets freed  
But she loves trouble she's drawn to the danger  
Never goes crazy, I bet I can change her  
I could make her fall in love with a stranger  
Switch up the pace I don't mean Danny Granger  
Can't wait until tomorrow? I'm fine with today  
You pretty as fuck and I'm tryna slay  
"Let's do this right now" is what I'm trying to say  
I can tell you don't love him, you're dying to stray  
I do not give a fuck 'bout your ex  
I'm not looking for love, I'm just looking for sex  
Tension between us had me feeling vexed  
Then she sent me a text...

Take me down  
Take me all the way down tonight, soon I'll be leaving  
Break me down  
Break me all the way down, before the night is over  
Let's get lost, let's get lost  
Let's get lost, let's get lost

That's that endless summer, never going back to school  
We do what we want to, can't tell me no rules  
Every night on the town, going out all the time  
And I'm tryna take you down, only thing on my mind

Take me down  
Take me all the way down, soon I'll be leaving
