

# G-Eazy, Sun Bleached & Dried

Underneath it all i feel a sadness  
But there's something beautiful,  
Behaind the madness

Underneath it all i am torn apart  
Before we even fall  
We probably shpouldn't start

Cause i am a lonely, man  
Cause i am a lonely, man

This probably won;t work  
I warned you that was bad news  
This will only hurt  
But you left your tap offs

So many reflex  
Cocaine and tattoos  
Glassy eyes whit ice  
I shouldn't be around you  
I shouldn't be around you

Cause i am a lonely, man  
Cause i am a lonely, man
