

# G.O.D., The Promised Land

Vimos de terras longnquas  
Deixando para trs os antepassados  
Pedaos defeitos da nossa alma  
Enraizados no nosso sangue perdido!  
Venim din deprtate zri  
Lsnd n urma noastr departe  
Buci sfiante din sufletu rnit  
Rdcini ale sngelui btrn.  
The Promised Land  
A new horizon, a new sky  
Opening the wings  
In the front of your eyes;  
A new Heaven, a new Hell  
Growing deep inside  
For the good of our life!  
The Promised Land  
We dont want to forget the past  
Our memories still live in us  
We cannot erase the faith  
We must finish the travel,  
We want the belief back  
Our journey in this shitty life  
He will have a new beginning  
And we will go until the end!  
Hi, hi, hi, hi!!!
