Gabrielle, Have You Ever Wondered

As I look back in time

It's clear for me to see

That I was meant for you

And you were meant for me

Since the day we met

Had only eyes to see one another

No one else could compete

Looking back I remember

All the fun and games

And what we've got right now

Really hasn't changed

Cos we always believed

Believed in what we had

So we did, did our best to make it last

Cos I have a love for you unbreakable

I have a love for you so strong

I have a love that's oh so deep

Cos I've loved you all along

Cos I have a love for you unbreakable

I have a love for you so strong

I have a love that's oh so deep

Cos I've loved you all along

Well have you ever wondered how we ever came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't turned and walked away

And why I stayed

So have you ever wondered how we ever came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't turned and walked away

And why I stayed

Many times I've wondered

How we've kept our love alive

Cos we've come through some things

That others don't survive

But we've always believed

Believed in what we had

So we did, did our best to make it last

Cos I have a love for you unbreakable

I have a love for you so strong

I have a love that's oh so deep

Cos I've loved you all along

Cos I have a love for you unbreakable

I have a love for you so strong

I have a love that's oh so deep

Cos I've loved you all along

So have you ever wondered how we came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't turned and walked away

And why I stayed

So have you ever wondered how we ever came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't turned and walked away

And why I stayed

So have you ever wondered how we ever came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't just turned and walked away

And why I stayed

So have you ever wondered how we ever came to be

Have you ever wondered why there's still a you and me

Have you ever wondered why I haven't turned and walked away

And why I stayed
