

# Gaia Epicus, Invisible Enemy (feat Mike Terrana)

Something is lurking  
From deep inside  
You cannot see it  
And you can't hide

I got the power  
To take you out  
Resistance is useless  
I hear you shout

The invisible enemy  
We fight  
We stand trial  
The invisible enemy  
How will this end?

Attacked in the morning  
Dead by noon  
You can't see it coming  
But you'll be dead soon

It's hard to breed now  
It's hard to see  
Who could have done this?  
Who's the enemy?
