

Garth Brooks, Meet Me In Love

I know you don't know me
Only our eyes have met
But what yours are saying
Is making me sweat
The dance floor is empty
Why don't you meet me in love

Your breath on my body
The touch of your skin
Your touch is ungodly
And way beyond sin
I've fallen so deeply
Beggin you meet me in love

Darling please meet me
And I'll whisper sweetly
You're the one
All my life
That I've dreamed of
I've fallen so deeply
I'm yours completely
So darling please meet me forever in love

Lips warm and tender
Ask if I'll always care
Simply surrender
And follow me there
Trust me completely
Darling please meet me in love

Darling please meet me
Ever so sweetly in love
