

# Gary Brooker, Switchboard Susan

(Mickey Jupp)

Switchboard Susan won't give me a line  
I need a doctor get me 999  
The first time I picked up my telephone  
I fell in love with your ringing tone

I'm a long distance romancer  
And I keep on trying until I get an answer  
Give me! give me! one more chance  
You're a great, little operator

Switchboard Susan let me off the hook  
I've been this way since you just gave me a look  
Switchboard Susan girl you're all the rage  
Come on woman now let's get engaged

I'm a long distance romancer  
And I keep on trying until I get an answer  
Give me! give me! one more chance  
You're a great, little operator

Now when I look at you girl I get an extension  
And I don't mean on Alexander Graham Bell's invention  
Switchboard Susan can we be friends  
After six and at weekends

I'm a long distance romancer  
And I keep on trying until I get an answer  
Give me! give me! one more chance  
You're a great, little operator
