

# Gavin DeGraw, Make a Move

Hey, from the first time that I asked your name  
It's like a drug that went straight to the vein  
I feel a high coming on, and it's all because of you

We, could get it going like one, two  
Freeze, put your hands up and surrender to me  
I know I'm easy to read, and it's all because of you

I don't care where we sleep tonight  
I don't care if it's in or outside  
You know what to do  
Make a move

You could throw away your phone  
Make believe that we're all alone  
I'm talking to you  
Make a move, 'cause I'm ready

I've been thinking something you once said  
That life is short, so let go of regrets  
So then I take your advice, and I bet it all on you

Now, you're giving sexy a whole new name  
Yeah what I'm feeling is hard to explain  
I'm thinking we're overdue, and I bet it all on you

I don't care where we sleep tonight  
I don't care if it's in or outside  
You know what to do  
Make a move

You could throw away your phone  
Make believe that we're all alone  
I'm talking to you  
Make a move, 'cause I'm ready

I'm aware of what you've gone through  
Not afraid to say I've fallen for you  
If you need someone to talk to  
I've got the time

I don't care where we sleep tonight  
I don't care if it's in or outside  
You know what to do  
Make a move

You could throw away your phone  
Make believe that we're all alone  
I'm talking to you  
Make a move, 'cause I'm ready
