## Gavin Rossdale, Adrenaline (Xxx Ost)

You don't feel the pain

Too much is not enough Nobody said this stuff Makes any sense We're hooked again

The point of no return
See how the buildings burn
Light up the night
Such a pretty sight

Adrenaline keeps me in the game Adrenaline, you don't even feel the pain Wilder than your wildest dreams When you're going to extremes It takes adrenaline

You don't feel the pain

Sail through an empty night It's only you and I Who understand There is no plan

Get closer to the thrill Only time can kill It's in your eyes They're so alive

Adrenaline keeps me in the game Adrenaline, you don't even feel the pain Wilder than your wildest dreams When you're going to extremes It takes adrenaline

Run through the speed of sound Everything slows you down And all color that surrounds you Are bleeding to the walls All the things you really need Just wait to find the speed Then you will achieve Escape velocity

Too much is not enough Nobody gave it up I'm not the kind To lay down and die

Adrenaline keeps me in the game Adrenaline, you don't even feel the pain Wilder than your wildest dreams When you're going to extremes It takes adrenaline

Adrenaline, screaming out your name Adrenaline, you don't even feel the pain Wilder than your wildest dreams When you're going to extremes It takes adrenaline (adrenaline)

You don't even feel the pain You don't even feel the pain

I'm going to extremes There's nothing in between You don't even feel the pain You don't even feel the pain I'm going to extremes

I'm going to extremes
There's nothing in between
There's nothing in between
I'm going to extremes
I'm going to extremes
There's nothing in between

You don't even feel the pain, feel the pain, feel the pain, feel the pain

Going to extremes
