f u  
and your mom  
and your sister  
and your job  
and your broke down car  
and that stuff you call art

f u  
And your friends  
that i'll never see again  
everybody but your dog  
you can all f off

i swear i meant to mean the best  
when it ended  
even try to bite my tongue  
when you start it  
now you're texting all my friends asking questions  
they never even liked you in the first place

dated a girl that i hate for the attention  
she only made it two days, what a connection  
it's like you'd do anything for my affection  
you're going all about it in the worst ways

i was into you but i'm over it now  
and i was trying to be nice  
but nothing's getting through so let me spell it out

You said you just needed space  
and so i gave it  
when i had nothing to say  
you couldn't take it  
told everyone i'm a bitch  
so i became it  
always had to put yourself above me

i was into you but i'm over it now
