

# George Strait, Is It Already Time?

The years have been  
So good to you and I my friend  
They brought us to the Autumn wind  
And left the tears behind  
And who'd have dreamed  
That love could grow so endlessly  
And you'd have meant so much to me  
Is it already time

Chorus:  
And I will always love you so  
We'll hold each other close until it's time to go  
And we believed we had forever on our side  
Is it already time

Chorus

And we believed we had forever on our side  
Is it already time
