

Gerald Levert, Strings, Strings

[Intro]

Its all about you now, baby
Silly me, however you want it
Strings, strings, or no strings

Aint no sunshine since youve been gone
Only rain, pain, and cloudy days spent all alone
If I could turn back time, I swear that it would be
The way it was when I was down for you
And you was down for me

[1]

Let no temptations
Get a hold of me
Said as long as you take care of home
Everything will be everything
Apology after apology
Girl I guess you stopped feelin' me
No more, I love you, no jealousy
Im ready to change
Just dont leave me

[2]

Strings, strings or no strings
Baby Ill do anything
To get your love back
There could be strings
Or no strings attached

[Repeat 2]

Ooh baby, you once were committed
But I guessed I changed your mind
Im willing to admit it
Girl I gave you a hard time
I just dont want you to go
Throw away the good things we shared
Ill leave it to you how fast we move
Girl I know you still care

[Repeat 1]

[Repeat 2]

[Repeat 2]

Tell me how do you want me?
How do you need me?
How do you want me babe?
Im willing to change, change, oh
I cant stand it here all by myself
Looking at the walls, I need ya baby
Oh baby I'm falling apart

[3]

Im the one who blew this good thing
So tell me what you want me to do
Im the one who blew this good thing
Will there be strings, strings or no strings

[Repeat 3 until fade]
