

# Gesaffelstein, So Bad (ft. HAIM)

Please don't be (so bad)  
I still feel (you there)  
Tears, they (fell so bad)  
How could I be so wrong?  
How could I be (so strong?)  
Nothing else compares  
How could I be so wrong?  
How could I be so strong?

I came to find death  
I stayed for life  
I came here foolish  
I left here wise  
I 'm waiting for something I can't deny  
a truth  
a sermon  
a sacrifice  
I wanna wake p and all is love  
forget the trouble I made up  
the waves are coming the shore  
these dreams of mine go on and on

how could I be so wrong?  
how could I be so wrong?

I came to find death  
I stayed for life  
I came here foolish  
I left here wise  
I 'm waiting for something I can't deny  
a truth  
a sermon  
a sacrifice  
I wanna wake p and all is love  
forget the trouble I made up  
the waves are coming the shore
