

# Ghost Dance, Down To The Wire

One by one the lights go on again  
One by one the lights go on again  
And there beats a neon heart  
In a city torn apart

Where can we run to where can we hide  
When can I see you I need you tonight  
I wanna know how it feels one more time  
Before we go down to the wire

Come on baby lets leave this town behind  
Come on baby lets leave while theres still time

Lets take that car and hit the road  
Drive as far as we can go

Where can we run to where can we hide  
When can I see you I need you tonight  
I wanna know how it feels one more time  
Before we go down to the wire

One by one the lights go on again  
One by one the lights go on again  
And they look like diamonds shining in the rain

And it feels so good tonight  
This citys burning bright

Down to the wire  
Down to the wire

Where can we run to where can we hide  
When can I see you I need you tonight  
I wanna know how it feels one more time  
Before we go down to the wire
