Ginuwine, Why Not Me

Why not me

Is that I'm too ghetto for you

Why not me

Girl there's nothing I won't cop for you

Why not me

I'm here to give you all you dreams

I'm dedicated

No time wasting

I'll fulfill your every need

It ain't a thang

I'm far from lame

Girl it's all to the good

Your by yourself

I'm all alone and we're both from the hood

You're playing hard to get now

That's probably why you're by yourself now

But I caught your eye when you walked by

And you persist to try to entertain

All of them thing that you probably just heard

None of it's true and that' my word Baby don't believe a thing you hear

The haters are always on my back now

But you feel me and this I know

So won't you just let go

Tell me why

Why not me

Is that I'm too ghetto for you

Why not me

Girl there's nothing I won't cop for you

Why not me

I'm here to give you all you dreams

I'm dedicated

No time wasting

I'll fulfill your every need

I'd like o think that I am a good guy so tell me why

Not me

Can't blame you though if all you're ex-

Boyfriends did you shady

But don't take that out on me girl

Oops I got to take it back it's your world

Baby I'm just that guy I'll show you why

If you just give me one try

I'm telling you I don't get down like that

Can't play the role

Or play myself

I just got to get in that's for sure

Got a little money

I spit game to the honeys

But your all a nigga needs

I won't give you chicken feed

Why not me

Is that I'm too ghetto for you

Why not me

Girl there's nothing I won't cop for you

Why not me

I'm here to give you all you dreams

I'm dedicated

No time wasting

I'll fulfill your every need

You should tell me something, something

Can't imagine me just wanting

Put your cards out on the table

Baby I'm willing and able

Picture that me dippin on you

What the use if I'm up on ya I'm the one you searched so long for Give me one chance you'll want no more Why not me Is that I'm too ghetto for you Why not me Girl there's nothing I won't cop for you Why not me I'm here to give you all you dreams I'm dedicated No time wasting I'll fulfill your every need
