

Girls Aloud, Money

Ooh money money
Your money, honey
So naughty naughty
Give me that d-dinero!
Want your money honey
Not your body, buddy
Want your money money
Pesos, pounds and lira!

I'm burning, baby
I'm electric
Somebody made me
Stay connected
No doubt about it
You're gonna get it
Oh, ain't it crazy?
We got the best shit [censored]
We're burning, baby
It's so electric

Crack back, up against the table
There, oh, careful with the label
Ooh uh, that's a little tight now
Watch out, someone turned the light out
You say something about the paper
And now twenty seconds later
Oh, just broke another mirror
And all before we go out to dinner
Ooh... let's go!

Gettin' deep deep deep and then I'm gonna
Gettin' deep deep deep and then I'm gonna
Gettin' beep you beep beep and then I'm gonna
Jump on that man
Gettin' deep deep deep and then I'm gonna
Gettin' deep deep deep and then I'm gonna
Gettin' beep you beep beep and then I'm gonna
Jump on that man

Ooh, love ya babe
But I'll wait, turn the page
Ooh, down below
How was I supposed to know?

Took the light from off my heart
Shook the street from off my shoe
Set emotions in his way
Said 'Hey baby, be back soon'
While the music held ya tight
You didn't even see me cry

Dinero!
