

Girls Aloud, Something kinda Ooooh

I've got to heat it up
doctor gotta heat it up
I've got till three o'clock
I've got to rock until you drop
I've got to heat it up
doctor gotta heat it up
I've got till three o'clock
I've got to rock until you drop
(something, something, something, something, something)
Something kinda ooh
Jumping on my tutu
Something side of me
Want's a part of you-ou
Something kinda ooh
Makes my heart go boom-boom
Something side of me's
wanting what you do
Something kinda ooh
Jumping on my tutu
Something side of me
Want's a part of you-ou
Something kinda ooh
Bumping in the back room
Something side of me
Wanting what u do
Ooh, when tomorrow comes
Baby I won't even know your name
Baby so good, want to follow on by
But I'll never meet you, never see you again
If you're gonna put a line on me now, know
Wait until the band go play real slow
If you want your hands on me
I'm digging you up
Can't dance, no pain, no gain, no show
Jumping to beat all night don't roll
If you want to handle me
You got to keep up
I've got to heat it up
doctor gotta heat it up
I've got till three o'clock
I've got to rock until you drop
I've got to heat it up
doctor gotta heat it up
I've got till three o'clock
I've got to rock until you drop
Oh boy I can't tell you how sad I feel
If tonight is just another kink in your steel
Shoulda known where the man was at
should have known he was gonna make me
i should have recognised a plan attack
When he turned and called me baby
Shoulda know where the man was at
Shoulda known he was gonna make me
Shoulda come with a body wrap so I know where the night will take me
(something, something, something, something, something)
(do-oo, do-oo, hey, hey)
