## Girls Aloud, Something kinda Ooooh

I've got to heat it up doctor gotta heat it up

I've got till three o'clock

I've got to rock until you drop

I've got to heat it up

doctor gotta heat it up

I've got till three o'clock

I've got to rock until you drop

(something, something, something, something)

Something kinda oooh

Jumping on my tutu

Something side of me

Want's a part of you-ou

Something kinda oooh

Makes my heart go boom-boom

Something side of me's

wanting what you do

Something kinda oooh

Jumping on my tutu

Something side of me

Want's a part of you-ou

Something kinda oooh

Bumping in the back room

Something side of me

Wanting what u do

Oooh, when tomorrow comes

Baby I won't even know your name

Baby so good, want to follow on by

But I'll never meet you, never see you again

If you're gonna put a line on me now, know

Wait until the band go play real slow

If you want your hands on me

I'm digging you up

Can't dance, no pain, no gain, no show

Jumping to beat all night don't roll

If you want to handle me

You got to keep up

I've got to heat it up

doctor gotta heat it up

I've got till three o'clock

I've got to rock until you drop

I've got to heat it up

doctor gotta heat it up

I've got till three o'clock

I've got to rock until you drop

Oh boy I can't tell you how sad I feel

If tonight is just another kink in your steel

Shoulda known where the man was at

should have known he was gonna make me

i should have recognised a plan attack

When he turned and called me baby

Shoulda know where the man was at

Shoulda known he was gonna make me

Shoulda come with a body wrap so I know where the night will take me

(something, something, something, something)

(do-oo, do-oo, hey, hey
