

# Girls Aloud, The Promise

1, 2, 3, 4!

Everything he does, better than anything ordinary  
Everything he wants he gets, 'cause everything he does is kinda necessary  
Though I believe in love, tell me, can anything last forever?  
If life can live up to love, then hand on my heart, I'm never saying never

""Cause

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
The promise I made, the promise I made  
Is starting to fade, starting to fade (babe)  
You're gonna make me, make me love you  
Nothing at all that I cannot do  
The promise I made, the promise I made  
Is starting to fade, starting to fade""

Maybe next time I'll take a ride on by,  
When I feel you near  
'Cause I can't play this like I'm meant to now,  
My Aladdin's lamp is down and I gotta fear  
Ooh baby, right here

Giving up just looking into windows, yeah  
I've had enough of wishing I found you  
Baby don't you know  
I've had as much as I can take of falling, yeah  
I've gotta lot to learn 'bout riding through

""Cause

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
The promise I made, the promise I made  
Is starting to fade, starting to fade (babe)  
You're gonna make me, make me love you  
Nothing at all that I cannot do  
The promise I made, the promise I made  
Is starting to fade, starting to fade""

Here I am, walking Primrose,  
Wondering when I'm gonna see you again  
So here I am, walking Primrose,  
Wondering when I'm gonna see you again

Got my hands all ready to touch your soul,  
I'm gonna get the energy to wire me close to you,  
Got my eyes on the prize I see  
Are you watching me, ba-a-aby?  
'Cause my heart is turning to solid gold  
And my head is saying, "honey, too good to be true"  
But one look in your glittered eyes  
Power's failing me every time

""Cause

You're gonna make me, make me love you  
Nothing at all, nothing that I do  
The promise I made, the promise I made  
Is starting to fade, starting to fade (babe)  
You're gonna make me, make me love you  
Nothing at all that I cannot do  
The promise I made, the promise I made  
Is starting to fade, starting to fade""

Maybe it's not that hard to know you,

Maybe we'll make it up and go,  
Maybe we'll work things out,  
There's only one way up and one way down, I know  
If you wanna convince me, start again  
If you wanna be with me in my arms...

""Cause  
You're gonna make me, make me love you  
Nothing at all, nothing that I do  
The promise I made, the promise I made  
Is starting to fade, starting to fade (babe)
