Giuseppe Torrente, There's No Time

Is anybody listening?
Is anybody wants to change?
I've often been afraid
To say what think
because all around me there was the fear of knowing
Look in the mirror beyond your eyes
To understand who you really are and what you're doing here

This time there's no turning back
Can't wait for you
There's no time
I want to shout out loud to the world
I want to hear my message even if it hurts

What is right or wrong?
And who are you to judge anyway?
I built a wall of pain,
I built love that's not only in my dreams

Look in the mirror beyond your eyes
To understand who you really are
and what you're doing here...

This time there's no turning back
Can't wait for you
There's no time
I want to shout out loud to the world
I want to hear my message even if it hurts

And I want to teach you, to talk to the changing world
show you how beautiful it is..
Waitin' for the day when we'll unite without war or pain..
Do you think you are not strong enough,
Well you've been strong enough to hide all this time

This time there's no turning back
Can't wait for you
There's no time
I want to shout out loud to the world
This time there's no turning back
Can't wait for you
There's no time
I want to shout out loud to the world
I want to hear my message even if it hurts
