

Glenn Kaiser, Queen Of My Heart

I'm tellin' you somethin', I'm tellin' you now
I got a love like the world won't allow
It came wrapped in a woman made for me an' me alone
God sent her to me sure as He is on the throne

Her an' me followin' the Savior from the start
He's the King of my life and she is the queen of my heart

Honey, you're good for me, I think I'm good for you
Together we'll make sweet harmony too
We'll walk in the light, we'll follow the Son
And when we leave this world it will have only just begun

You and me followin' the Saviour from the start
He's the King of my life, oh and you are the queen of my heart
