

Glenn Lewis, Can't Say Love

Can't Say Love

Girl I can't fight no more,
I'm not me, incomplete
Why's the one I love,
Not with me, not with me
Gotta get it back somehow,
Unless an expiration date
Is come and gone on us baby, yeah

No matter who I'm with, what's so crazy is
Have been out of love, couldn't say it since
I haven't said I love you to nobody
I'll be happy when I can say it once again
Give to you my heart, put it in your hand
Until then I'll be quiet, Ho ho
See I can't tell someone something I don't feel
To open up it's got to be real

I can't say love, not without you
No not that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no not love, no
Not without you
I can't say love, no not without you
Can't say that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no, not love
Love's only for you girl

How we ended up apart, I try to make sense of it then I stop
Because of you I know what real feels like impossible for me to find that twice
Compared to you baby, you're the flyest young lady alive
See I always be missing your vibe, girl I'm tired of living a lie

No matter who I'm with, what's so crazy is
Have been out of love, couldn't say it since
I haven't said I love you to nobody
I'll be happy when I can say it once again
Give to you my heart, put it in your hand
Until then I'll be quiet, oh
See I can't tell someone something I don't feel
To open up it's got to be real

That's why I can't say love, not without you
No, not that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no not love
No, not without you
I can't say love, no not without you
Can't say that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no, not love no
Love's only for you girl

I can never tell a girl, that that it's love when I know it's not
I can see I probably care for a few, but with you I can't live without
I need you, like my air girl, nothing I would never lie
See the way I feel for you girl don't never stop

I can't say love, not without you

No, not that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no, not love no
Not without you
I can't say love, no not without you
Can't say that word, love
Not without you
Say I like maybe, I care maybe
I feel deeply, but no, not love
I'd like to not care, but love? what I feel for you girl.
