

Gloria Estefan, I Just Wanna Be Happy

I wanna midnight rendezvous
I wanna give my love to you
I wanna make my dreams come true
I just wanna be happy

I wanna dance the whole night through
I wanna smell the flowers too
I wanna feel like lovers do
I just wanna be happy

I'm dancin' 'cause I feel good inside
I got the feelin' that money just can't buy
I may be dreaming or is it my reality
I'm a believer and believe I'm free
I can be happy because I want to be
Don't need nobody to say what's right or wrong for me

I wanna midnight rendezvous
I wanna give my love to you
I wanna make my dreams come true
I just wanna be happy

I wanna dance the whole night through
I wanna smell the flowers too
I wanna feel like lovers do
I just wanna be happy

I'm moving to where I wanna go
Feelin' the rhythm lettin' my body flow
Made a decision to control my destiny
Don't wanna sit back watchin' life pass by me
I wanna get up you know I gotta fly
Won't ever give up until I'm happy joyous and free

I wanna midnight rendezvous
I wanna give my love to you
I wanna make my dreams come true
I just wanna be happy

I wanna dance the whole night through
I wanna smell the flowers too
I wanna feel like lovers do
I just wanna be happy

I just wanna be happy joyous and free
Happy, joyous and free
You know I wanna be happy, joyous and free
Happy, joyous and free
I just wanna be happy joyous and free
Happy, joyous and free
I feel good inside
You know I wanna be happy, joyous and free

I wanna midnight rendezvous
I wanna give my love to you
I wanna make my dreams come true
I just wanna be happy

I wanna have an ocean view
I wanna smell the flowers too
I wanna feel like lovers do
I just wanna be happy
