

# God Lives Underwater, Scared

I'm scared of you  
There's nothing I can do  
No sense in wasting time  
I want you out of my mind  
You make me feel unhappy  
I wish you weren't real  
You only make me unhappy  
And I can't deal with it  
I never wanted you  
But I'm afraid it's true  
You're gonna catch me by surprise  
I hope there's time to realize
