

# Golden Earring, Circles

From the Album:

\* Keeper of the flame

I'm up & you're kinda low  
Are you provin', that you don't want me no more  
Mixed up and I'm all alone  
And I'm ridin' around in circles  
I've been up - I've been way down low  
I've been up & down that road before  
I've been up & down that road before  
I've been ridin' around in circles  
Ridin' around in circles. Yeah, yeah!

refrein:

Everyone knows the way, everybody's right  
And everyone knows' where eveybody's drivin' at  
I've been right, I've been wrong  
I've been uptown and I've been pitifull  
I've been racked, I've been sold  
I've been ridin' around in circles  
High - low - I've been down the streets where I once met you  
I've been hot, I've been really really cold  
I've been ridin' around in circles  
Ridin' around in circles. Yeah, yeah!

refrein:

Everyone knows the way, everybody's right  
And everyone knows' where eveybody's drivin' at  
Don't mind that I don't know where to go  
Every night I've been dreamin' that I'm not alone  
Everywhere I go...  
Early in the morning, late at night  
In the evening - All day by your side! Yeah!  
I give up - no more  
I've been up to it & I've been here before  
I've been broke - for a loan  
I keep ridin' around in circles  
You look beautiful baby  
Walkin' down the sidewalk with that chip upon your shoulder  
I've bee hidin', I've been searchin'  
I've been ridin' around in circles

refrein:

Everyone knows the way, everybody's right  
And everyone knows' where eveybody's drivin' at  
You've been hidin', I've been ridin'
