## Golden Earring, U-Turn Time

From the Album:

\* Grab it for a second

U turn out of the sight

U turn I don't know what it is U turn time

U turn, turn the time

U turn

I don't wanna leave it all behind

You mean you could have stopped it

Could have stopped it easily

First you adore me

Now you want me

I'm tired of your ceremony

Help me

And take the car

I'm takin' your car

And leave when

Yeah yeah

U turn modern tonight

U burn, burn

But it's not my kind of life

U turn out on the side

U turn I don't know what it is

U turn time

You and me could have stopped it

Could have stopped it easily

First you adore me

Now you bore me

I'm tired of your ceremonies

Help me

And take the car

I'm takin' your car

And leave when

Believe me when you leave

You'll be happy

Oooooh yeah
