

Gomez, Hangover

Be the light from my window

Be the time at my table

Be my hangover girl

Be my headover girl

Be my headover girl

Be my headover girl

Share the wine at my table

Out of my mind see me stable

Find the time, be my cradle

Be my hell of a girl

See my hell of a girl

Be my hell of a girl

See my hell of a girl

She waters down the rain when I get home

Be my hangover girl

See my hangover girl

Be my hangover girl

See my hangover girl

She waters down the rain when I get home

It's gonna rain when I get home
