

# Gomez, Rex Kramer

I been lost and now I found my way  
Take me down and safe  
Show me the way

Take me places that I want to stay  
Here's to today  
Here's to today

I been knocked but now I'm on my feet  
Caught a lineup  
Whenever I get in your steep

Take me places that I know from sleep  
Let me sleep  
Let me sleep

Hey now  
I'm fadin' out  
Keep the light on  
Turn it up

Hey now  
I'm fallin' down, down  
Keep the light on  
Turn it up

I don't care to live for friends, you say  
Cost a fortune  
Then they go and leave anyway

Wake me tenderly and leave me to lay  
Let me sleep  
Let me sleep

Hey now  
And fade out  
Keep the light on  
Turn it up

Hey now  
And fall down, down  
Keep the light on  
Turn it up

Here's to today  
Here's to today  
Here's to today  
Here's to today
