

Goon Moon, Lay Down

No conflicts, no problems
Stay down, lay down
In trouble, in a bubble
Stay down, lay down

Lay down low
Put your eyes in the sky, try not to die
I don't know
Just what in the world
Is pulling the whole thing down

Lay down

I saw you, it sold me
Painted, tainted
In dresses, in yellow
Shining, sainted

Lay down low
Put your eyes in the sky
Lay down low
Put your eyes in the sky, try not to die
I don't know
Just what in the world
Pulling the whole thing down

Lay down
Lay down

Come on, come on
Come on, come on
Lay down

Lay down low
Put your eyes in the sky, try not to die
I don't know
Just what in the world
Pulling the whole thing down

Lay down
Lay down
Lay down
Lay down
