

Gorgon City, Unmissable (ft. Zak Abel)

When I'm looking in your eyes
I'm not sure if you're still with me
What is it this on your mind
When gone, are you sure that you miss me
Cause it's been a long time coming
We travelled down a long road to begin
It doesn't make no sense that we're running
When it's time to face all my fears

The sun's gonna shine for the last time
And I don't want to miss it all
We made it this far stay in my arms
Let's make it unmissable
Woah, Let's make it unmissable
Make it unmissable
Woah, Let's make it unmissable
Make it unmissable

Put me out my misery
On another cold night in December
For now let's make some memories
Let us make something to remember
Cause it's been a long time coming
We travelled down a long road to begin
It doesn't make no sense that we're running
When it's time to face all my fears

The sun's gonna shine for the last time
And I don't want to miss it all
We made it this far stay in my arms
Let's make it unmissable
Woah, Let's make it unmissable
Make it unmissable
Woah, Let's make it unmissable
Make it unmissable

You and me have come this far
Let's not miss the best part
The truth descending from afar
Don't get up at the best part

The sun's gonna shine for the last time
And I don't want to miss it all
We made it this far stay in my arms
Let's make it unmissable
Woah, Let's make it unmissable
Make it unmissable
Woah, Let's make it unmissable
Make it unmissable
