

# Gorillaz, Friday 13th (ft. Octavian)

I been drinking and smokin; too much  
That shit damages  
Gimme a lot  
I can do it myslef  
I can manage it  
Two xans  
I got leave  
And you know how it is  
You and me  
We can take on ythe world  
We can be savages

I call my dealer  
Said: Share the white with all uf us"  
I told him: "We've been so nice, don't turn on us"  
Is it funny how Times flies by so fast  
If we do all of this lines, we go up

And i look into your eyes  
I can realize  
I can realize

Fuck, i meant to just, rap to this  
Go hard as shit man

It's definately goin' down  
Find a pagan on the strip  
Spin him round  
Big man takin' shit  
Till we pin him down  
Big man takin' shit  
Till we lick him down  
For enough, i am spin it round  
Put the big ... in you belly  
Than spin it round  
You ask mebo if i been about  
Free hio out  
I don't need to get the pictures out

I call my dealer  
Said: Share the white with all uf us"  
I told him: "We've been so nice, don't turn on us"  
Is it funny how Times flies by so fast  
If we do all of this lines, we go up

And i look into your eyes  
I can realize

You know that we can be immortal  
Are you loyal?  
I am just prayin' that she loyal  
Is she loyal?  
We coil  
I don't talk to much  
Have they got mine?  
Cryin out finally  
And a little mercy  
I don't talk to much  
Come out silent  
Come out silent  
Come out silent  
Come out silent  
Come out silent

Oh it's beautiful day  
Oh it's beautiful day  
Oh it's beautiful day  
Oh it's beautiful day  
Have they got mine?  
Cryin out finally  
And a little mercy  
I don't talk to much  
Come out silent
